**Subject:** Traffic pattern change

Hello, my name is Zach Yoder. I would like to submit a suggested change to the traffic pattern at Cascade Avenue and Mt. Adams. Traffic regularly backed up on Mt. Adams due to the heavy flow of traffic on Cascade Avenue. I feel a roundabout would be an appropriate feature in that intersection.

The roundabout in The Dalles on 2nd Street works very well and uses the same amount of space as our intersection. This would allow better traffic flow from all three directions.

I understand this would take a significant amount of money to complete and it may be a while before enough funds are available.

I live near Country Club Road and Barret Drive. A significant amount of time and money was spent on that project that did not accomplish an equal reward. A roundabout at Cascade Avenue and Mt. Adams would be an equal and wiser investment.

Thank you for your time.

Zach Yoder
