## INDEPENDENT AUDITORS' REPORT

To the Agency Board  
Urban Renewal Agency of the City of Hood River  
Hood River, Oregon

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities and each major fund of the Urban Renewal Agency of the City of Hood River, a component unit of the City of Hood River, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditors' Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Urban Renewal Agency of the City of Hood River, as of June 30, 2021, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The budgetary comparison schedules presented as Required Supplementary Information, as listed in the table of contents, have been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America, and in our opinion are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

### *Other Information*

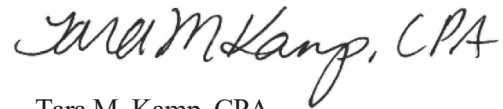

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The supplementary information, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary information, as listed in the table of contents, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information, as listed in the table of contents, is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The listing of board members containing their term expiration dates, located before the table of contents, has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

## Report on Other Legal and Regulatory Requirements

In accordance with Minimum Standards for Audits of Oregon Municipal Corporations, we have issued our report dated December 15, 2021, on our consideration of compliance with certain provisions of laws and regulations, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules. The purpose of that report is to describe the scope of our testing of compliance and the results of that testing and not to provide an opinion on compliance.

Tara M. Kamp, CPA  
PAULY, ROGERS AND CO., P.C.

## MANAGEMENT'S DISCUSSION AND ANALYSIS Fiscal Year Ended June 30, 2021

This discussion and analysis presents the highlights of the financial activities and resulting financial position for the Urban Renewal Agency of the City of Hood River (Agency). It focuses on the significant issues and activities for the year under audit. Please read it in conjunction with the Agency's financial statements.

### FINANCIAL CONTRIBUTION

- For one-year all tax increment value was set aside for the Urban Renewal Agency's three plan districts and released to the general tax rolls. This suspension of tax distributed approximately \$2.0 million to local taxing districts to assist with operations during the pandemic.

### BASIC FINANCIAL STATEMENTS

The Management Discussion and Analysis (MD&A) is intended to serve as an introduction to the Urban Renewal Agency of the City of Hood River's basic financial statements. The basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. The report also contains other supplementary data in addition to the basic financial statements themselves.

**Government-Wide Financial Statements** - These two statements present an overview of the Agency's finances, in a manner similar to the private sector. Each statement presents highly condensed, entity-wide information and uses the full accrual basis of accounting.

- The Statement of Net Position presents information on the City's total assets and liabilities, with the resulting difference between the two presented as net position. Over time, increases or decreases to net position may serve as a useful indicator of whether the Agency's financial position is improving or deteriorating.
- The Statement of Activities focuses on the change in net position over the last year. The costs of the Agency's programs are presented and show to what extent governmental activities are subsidized by taxes and other general revenues.

**Fund Financial Statements** - Following the government-wide statements is a section containing fund financial statements. The Agency's funds are presented in their own columns. A "Budgetary Comparison Statement" for each fund is presented after the "Notes to the Basic Financial Statements."

**Notes to Basic Financial Statements** - The notes provide additional information that is essential to a full understanding of the financial data provided in the government-wide and fund financial statements.

Completing the document is a schedule of property tax transactions and balances as well as reports by the independent certified public accountant, as required by statute.

## CONDENSED COMPARATIVE DATA AND FINANCIAL ANALYSIS

### Government-Wide Financial Statements – Statement of Net Position

ASSETS	<b>2021</b>	<b>2020</b>
Current Assets	\$ 5,017,109	\$ 5,849,015

Total revenues	<u>38,828</u>	<u>2,238,863</u>	<u>\$ (2,200,035)</u>	<u>-98.3%</u>
EXPENSES				
General Government	1,484,310	579,346	904,964	156.2%
Interest	1,398	5,819	(4,421)	-76.0%
Total expenses	<u>1,485,708</u>	<u>585,165</u>	<u>900,543</u>	<u>153.9%</u>
Changes in Net Position	(1,446,880)	1,653,698	(3,100,578)	
Net Position - Beginning	10,835,056	9,181,358	1,653,698	
Net Position - Ending	<u>\$ 9,388,176</u>	<u>\$ 10,835,056</u>	<u>\$ (1,446,880)</u>	<u>-13.4%</u>

Property tax revenues were suspended for all three of the City’s Urban Renewal Districts for one year. This is not a suspension in activities or a suspension in the assessed value of properties located within the Urban Renewal plan areas. General Government were primarily repayment of debt, administrative costs, and consultant fees for planning activities.

## **BUDGETARY VARIATIONS**

Budgetary schedules by fund can be found on pages 22-25.

## **CAPITAL ASSET AND DEBT ACTIVITY**

**Capital Assets** – The Statement of Activities discussion above includes a description of capital assets activity during the year.

**Debt Outstanding** – Debt obligation balances decreased as the Urban Renewal Agency continues to pay down debt associated with an WWTP odor control project and purchase of a waterfront area passive park. Refer to page 19 of the notes for more detailed information on the Agency’s debt and amortization terms.

## **ECONOMIC FACTORS AND NEXT YEAR’S BUDGETS AND RATES**

Tax increment revenue is the primary resource for the Urban Renewal Agency of the City of Hood River. When an urban renewal district is formed, the existing tax base is frozen. The urban renewal plan then receives property taxes that are generated from the increase in assessed value over the frozen base. Urban renewal does not create an additional tax; rather property tax collections are “divided” among the affected taxing districts and the urban renewal plan. When the plan is completed, taxes are no longer divided, and taxing districts once again receive the full distribution of property tax collections.

Each of the Agency’s three plan areas are:

- The Columbia Cascade (Downtown) Plan, adopted in 1987, is a mature plan with steady, reliable increases in assessed value. The district’s fund balance nearly equal to its remaining borrowing authority. The district will collect a partial assessment in FY2021-22 which will take it exactly to its authorized maximum indebtedness. Accumulated balance in the Columbia-Cascade district may be used as part of a portfolio of funding sources if structured parking moves forward in downtown Hood River.
- The Waterfront Plan, adopted in 2008, is also nearing its authorized maximum indebtedness and will likely sunset in FY2023-24. With the exception of the Port of Hood River’s “Lot 1”, the Waterfront Plan area is approaching full build out. The recent failure of the primary stormwater line in the district will necessitate the expenditure of all remaining waterfront plan borrowing authority for the line’s replacement. The Waterfront paused division of tax for FY2020-21 in order to aid overlapping taxing districts during the COVID-19 pandemic but resumed normal collection for FY 2021-22.
- Finally, the most recent Heights Plan, adopted in 2011. The district is currently engaging urban design and engineering consultants to develop a phased implementation plan for district improvements. This project is anticipated to be completed in FY2021-22 with bidding of the resulting construction projects to follow.

## **REQUESTS FOR INFORMATION**

The Agency's financial statements are designed to present users (citizens, taxpayers, customers, investors, and creditors) with a general overview of the Agency's finances and to demonstrate the Agency's accountability. If you have questions about the report or need additional financial information, please contact the City of Hood River's Finance Director at 211 2<sup>nd</sup> Street, Hood River, Oregon 97031.

URBAN RENEWAL AGENCY OF THE CITY OF HOOD RIVER  
(A Component Unit of The City of Hood River)

HOOD RIVER COUNTY, OREGON

NOTES TO BASIC FINANCIAL STATEMENTS

---

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The financial statements are prepared in accordance with Generally Accepted Accounting Principles (GAAP). The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the accounting policies are described below.

A. THE FINANCIAL REPORTING ENTITY

The Urban Renewal Agency of the City of Hood River (Agency) was formed September 22, 1986, under the provisions of the Oregon Revised Statutes (ORS). The Agency operates under a Board-Manager form of government and provides specific projects located in each Urban Renewal District.

The Agency is a blended component unit of the City of Hood River and is a municipal corporation governed by an elected nine member board composed of seven members concurrently serving on the Hood River City Council and two members concurrently serving on the Port of Hood River Board of Commissioners. Generally accepted accounting principles, in the United States of America, require that these basic financial statements present the Agency and all component units, if any. Component units, as established by the Governmental Accounting Standards Board (GASB) Statement No. 61, are separate organizations that are included in the Agency's reporting entity because of the significance of their operational or financial relationships with the Agency and the existence of a financial benefit/burden relationship. All significant activities and organizations with which the Agency exercises oversight responsibility have been considered for inclusion in the basic financial statements. There are no component units. The Urban Renewal Agency of the City of Hood River is a component unit of the City of Hood River because the Hood River City Council exercises oversight authority over the Agency as demonstrated by the make-up of the Agency's Board Members, and because of its economic dependency on the City of Hood River.

B. BASIS OF PRESENTATION

GOVERNMENT-WIDE FINANCIAL STATEMENTS (GWFS)

The government-wide statements report information irrespective of fund activity, and the fund financial statements report information using the funds. The government-wide statements focus on the sustainability of the Agency as an entity and the change in aggregate financial position resulting from the activities of the fiscal period. These aggregated statements consist of the Statement of Net Position and the Statement of Activities. These statements were prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses gains, losses, assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

General receipts are from property and related taxes, assessments, and interest. All disbursements are categorized as program disbursements and interest on long-term debt.

URBAN RENEWAL AGENCY OF THE CITY OF HOOD RIVER  
(A Component Unit of The City of Hood River)

HOOD RIVER COUNTY, OREGON

NOTES TO BASIC FINANCIAL STATEMENTS

---

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. BASIS OF PRESENTATION (CONTINUED)

FUND FINANCIAL STATEMENTS

The accounts are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, revenues are considered to be available if they are collected within one (1) month of the end of the current fiscal year. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

While the financial position, results of operations, and changes in fund balance/net position is reported on the basis of accounting principles generally accepted in the United States of America (GAAP), the budgetary basis of accounting differs from generally accepted accounting principles. The budgetary statements provided as part of supplementary information elsewhere in this report are presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The primary differences between the budgetary basis and GAAP basis are that capital outlay is expensed when purchased, depreciation and amortization expenses are not reported, property taxes and assessment revenue are recognized as revenue when received instead of when levied, proceeds of long-term borrowing are recognized as an "other financing source" when borrowed and principal paid is considered an expenditure when paid. Bond issue costs are recognized as expenditures when bonds are issued.

Financial operations are accounted for in the following major governmental funds:

*General Fund*

This fund accounts for all financial resources of the general government, except those required to be accounted for in another fund.

*Columbia Cascade District Fund*

This fund accounts for the payments of principal and interest on urban renewal debt and other costs specific to the Columbia Cascade Plan. The primary sources of revenue are tax increment revenues and interest income.

*Waterfront District Fund*

This fund accounts for the financial activities specific to the Waterfront Plan. The primary sources of revenue are tax increment revenues and interest income.

B. BASIS OF PRESENTATION (CONTINUED)

*The Heights District Fund*

This fund accounts for the financial activities specific to The Heights Plan. The primary sources of revenue are tax increment revenues and interest income.

C. BUDGETS

A budget is prepared for each governmental fund type in accordance with the legal requirements set forth in the Oregon Local Budget Law. The budget process begins early in each fiscal year with the establishment of the budget committee. Recommendations are developed through late winter with the budget committee approving the budget in early spring. Public notices of the budget hearing are generally published in early spring with a public hearing being held approximately three weeks later. The budget may be amended prior to adoption. However, budgeted expenditures for each fund may not be increased by more than ten percent. The budget is then adopted, appropriations are made and the tax levy declared no later than June 30.

The expenditure budgets are appropriated at the following levels:

LEVEL OF CONTROL

Operations Program  
Materials and Services (unallocated)  
Debt Service  
Contingency  
Transfers

Expenditures cannot legally exceed the above appropriation levels except in the case of grants which could not be estimated at the time of budget adoption. Appropriations lapse at the fiscal year end. Management may amend line items in the budget without Board approval as long as appropriation levels (the legal level of control) are not changed. Supplemental appropriations may occur if the Board approves them due to a need which exists which was not determined at the time the budget was adopted.

Budget amounts shown in the basic financial statements reflect the original and final budget amounts. Expenditures in all funds were within authorized appropriations for the year ended June 30, 2021.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. PROPERTY TAXES AND PROPERTY TAXES RECEIVABLE

Property taxes receivable is recorded to indicate the amount of uncollected taxes that are expected to be received in the future. Such taxes are offset by a liability to indicate that these amounts have been recorded as receipts in the governmental statements. Ad valorem property taxes are levied and become a lien on all taxable property as of July 1. Collection dates are November 15, February 15, and May 15. Discounts are allowed if the amount due is received by November 15. Taxes unpaid and outstanding on May 16 are considered delinquent. Taxes are billed and collected by Hood River County and remittance to the Agency is made at periodic intervals. The agency did not levy property taxes in FY 2020-21.

E. ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues, expenditures and expenses during the reporting period. Actual results could differ from those estimates.

F. CASH AND INVESTMENTS

For financial reporting purposes, all highly liquid investments with a maturity of three months or less when purchased are considered to be cash equivalents.

Fair Value Inputs and Methodologies and Hierarchy

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Observable inputs are developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs are developed based on the best information available about the assumptions market participants would use in pricing the asset. The classification of securities within the fair value hierarchy is based up on the activity level in the market for the security type and the inputs used to determine their fair value, as follows:

**Level 1** – unadjusted price quotations in active markets/exchanges for identical assets or liabilities that each Fund has the ability to access

**Level 2** – other observable inputs (including, but not limited to, quoted prices for similar assets or liabilities in markets that are active, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the assets or liabilities (such as interest rates, yield curves, volatilities, loss severities, credit risks and default rates) or other market–corroborated inputs)

**Level 3** – unobservable inputs based on the best information available in the circumstances, to the extent observable inputs are not available (including each Fund’s own assumptions used in determining the fair value of investments)

URBAN RENEWAL AGENCY OF THE CITY OF HOOD RIVER  
(A Component Unit of The City of Hood River)

HOOD RIVER COUNTY, OREGON

NOTES TO BASIC FINANCIAL STATEMENTS

---

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3. The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the fair value hierarchy classification is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

G. DUE FROM CITY OF HOOD RIVER - ASSESSMENTS

For legal reasons, assessments on Agency property are assessed by City of Hood River on the Agency's behalf and are recognized as receivables at the time property owners are assessed on property improvements. These assessments are liens on the affected properties. The receivable balance, if any, represents the net balance on the City of Hood River's financial statements.

H. CAPITAL ASSETS

Capital assets—which include property, plant, buildings and improvements, equipment, and infrastructure assets (e.g., streets, roads, bridges, sidewalks, and similar items)—are reported in the agency-wide financial statements. Capital assets are defined as tangible assets with an initial, individual cost of \$10,000 or more and an estimated useful life in excess of one operating cycle. Such assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. No capital assets have been acquired with funding provided by federal assistance or from other agencies. The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during construction is not capitalized. Depreciation on exhaustible assets is depreciated using the straight-line method. The Agency has not acquired any capital assets other than land and infrastructure, which is depreciated over an estimated useful life of fifty (50) years.

I. LONG-TERM OBLIGATIONS

Long-term obligations are reported in the government-wide financial statements as liabilities. The governmental individual fund financial statements do not report long-term obligations because they do not require the use of current financial resources.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

J. NET POSITION/FUND EQUITY

Net position comprises the various net earnings from operations, nonoperating revenues, expenses and contributions of capital. Net position is classified in the following three categories:

Net investment in capital assets – consists of all capital assets, net of accumulated depreciation and reduced by any outstanding balances of any bonds or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted – consists of external constraints placed on asset use by creditors, grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position – consists of all other assets that are not included in the other categories previously mentioned.

In March 2009, the GASB issued Statement No. 54, *Fund Balance Reporting and Governmental Fund-type Definitions*. The objective of this statement is to enhance the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied and by clarifying the existing governmental fund-type definitions. This statement establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed on the use of the resources reported in governmental funds. Under this standard, the fund balance classifications of reserved, designated, and unreserved/undesignated were replaced with five new classifications – nonspendable, restricted, committed, assigned, and unassigned.

- Nonspendable fund balance represents amounts that are not in a spendable form.
- Restricted fund balance represents amounts that are legally restricted by outside parties for a specific purpose (such as debt covenants, grant requirements, donor requirements, or other governments) or are restricted by law (constitutionally or by enabling legislation).
- Committed fund balance represents funds formally set aside by the governing body for a particular purpose. The use of committed funds would be approved by resolution.
- Assigned fund balance represents amounts that are constrained by the expressed intent to use resources for specific purposes that do not meet the criteria to be classified as restricted or committed. Intent can be stipulated by the governing body or by an official to whom that authority has been given by the governing body. By resolution, the decision-making for assigning amounts are delegated to the Urban Renewal Administrator and the Finance Director.
- Unassigned fund balance is the residual classification of the General Fund. Only the General Fund may report a positive unassigned fund balance. Other governmental funds would report any negative residual fund balance as unassigned.

It is the policy of the City that General Fund resources are to be expended – when multiple fund balance types are available for a specific purpose – in the following order: Restricted, Committed, Assigned, and Unassigned. All other funds are to expend fund balances in the following order: Assigned, Committed and Restricted.

URBAN RENEWAL AGENCY OF THE CITY OF HOOD RIVER  
(A Component Unit of The City of Hood River)

HOOD RIVER COUNTY, OREGON

NOTES TO BASIC FINANCIAL STATEMENTS

---

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

There are no nonspendable, committed, assigned or unassigned fund balances.

The governing body has approved the following order of spending regarding fund balance categories: Restricted resources are spent first when both restricted and unrestricted (committed, assigned or unassigned) resources are available for expenditures. When unrestricted resources are spent, the order of spending is committed (if applicable), assigned (if applicable) and unassigned.

L. DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/ expenditure) until then. The government has no such items.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The government has only one type of item, which arises only under a modified accrual basis of accounting, which qualifies for reporting in this category. Accordingly, the item, *unavailable revenue*, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

2. CASH AND INVESTMENTS

The Agency's cash is pooled with the City of Hood River. Please refer to the City's basic financial statements, issued under separate cover, for additional information pertaining to the nature and collateralization of the City's cash and investments.

3. PROPERTY TAX LIMITATIONS

The State of Oregon imposes a constitutional limit on property taxes for schools and nonschool government operations. The limitation provides that property taxes for nonschool operations are limited to \$10.00 for each \$1,000 of property market value. This limitation does not apply to taxes levied for principal and interest on general obligation bonded debt.

The State further reduced property taxes by replacing the previous constitutional limits on tax bases with a rate and value limit in 1997. This reduction is accomplished by rolling property values back to their 1995-96 values less 10% and limiting future tax value growth of each property to no more than 3% per year, subject to certain exceptions. Taxes levied to support bonded debt are exempted from the reductions.

The State Constitution sets restrictive voter approval requirements for most tax and many fee increases and new bond issues.

**4. CAPITAL ASSETS**

Capital asset activity for the year ended June 30, 2021 was as follows:

<b><u>GOVERNMENTAL ACTIVITIES CAPITAL ASSETS</u></b>				
	<u>June 30, 2020</u>	<u>Additions</u>	<u>Disposals</u>	<u>June 30, 2021</u>
Capital Assets not being depreciated				
Land	\$ 395,000	\$ -	\$ -	\$ 395,000
Capital Assets being depreciated				
Infrastructure	5,900,324	-	-	5,900,324
Accumulated Depreciation				
Infrastructure	649,034	118,006	-	767,040
Total Net Capital Assets	<u>\$ 5,646,290</u>	<u>\$ (118,006)</u>	<u>\$ -</u>	<u>\$ 5,528,284</u>

**5. LONG-TERM OBLIGATIONS**

Changes in long-term liabilities during the year are as follows:

<b><u>GOVERNMENTAL ACTIVITIES</u></b>							
	<u>Interest Rate</u>	<u>Original Issue</u>	<u>Beginning Balance</u>	<u>Additions</u>	<u>Deletions</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
Direct Borrowings:							
Upland (NAITO) Property City of Hood River	0.00%	\$395,000	\$ 376,683	\$ -	\$159,962	\$ 216,721	\$ -
Odor Control URA Loan	1.55%	469,000	283,566	-	93,070	190,496	94,515
Equipment Loan	1.00%	750,000	-	750,000	-	750,000	750,000
Total Long-term Obligations			<u>\$ 660,249</u>	<u>\$750,000</u>	<u>\$253,032</u>	<u>\$ 1,157,217</u>	<u>\$844,515</u>

HOOD RIVER COUNTY, OREGON

NOTES TO BASIC FINANCIAL STATEMENTS

---

5. LONG-TERM OBLIGATIONS (CONTINUED)

During the fiscal year ended June 30, 2018, the Agency's Waterfront District borrowed \$469,000 from the City of Hood River's Sewer Fund for Odor Control upgrades at the Wastewater Treatment Plant. Repayments will be made over five years with 1.55% annual interest. There are no provisions in the agreement for collateral, event of default, or termination.

In the current fiscal year, \$750,000 was issued from the Internal Service Fund (Fleet & Equipment) the Agency's Waterfront District for an equipment loan. This amount will be repaid in the subsequent fiscal year at 1.00% interest.

Future repayments on City of Hood River loans will be as follows:

<u>Fiscal Year</u>	<u>Principle</u>	<u>Interest</u>	<u>Total</u>
2021-22	\$ 94,515	\$ 2,953	\$ 97,467
2022-23	95,982	1,488	97,469
	<u>\$ 190,496</u>	<u>\$ 4,440</u>	<u>\$ 194,936</u>

In February 2016, the Agency received loan proceeds related to the purchase of property referred to as the Upland Property. There are no provisions in the agreement for collateral, event of default, or termination. The agreement bears no interest until the debt becomes payable and will be paid by the Agency's incremental tax revenues when available; therefore, there are no payment schedules.

6. RISK MANAGEMENT

There is exposure to various risks of loss related to torts; errors and omissions; and natural disasters. The Agency is covered by The City of Hood River's commercial insurance to minimize its exposure to these risks. Settled claims have not exceeded this commercial coverage for three years.

7. INTERFUND TRANSFERS

Interfund transfers are budgeted and recorded to show legal and operational commitments between funds. Each of the three plan funds transfer to the general fund its shared operational costs.

8. RELATED PARTY TRANSACTIONS

Administrative services are contracted with the City of Hood River, including general administration and project management. Administrative costs for the year ended June 30, 2020 and June 30, 2021 were \$144,000 per year. The Agency is an additional insured on the City of Hood River's commercial insurance policy and the City pays the premium on this policy.

9. COVID 19

The COVID-19 outbreak in the United States has caused disruption through mandated and voluntary closure of government and business activities. The COVID pandemic has impacted City revenues negatively as tourism and traffic reductions occurred due to customers not traveling and working from home. However, under the American Relief Act passed by Congress in November 2020, the City received partial relief from parking and tourism losses. A payment of \$202,241 significantly helped the losses that occurred from the impact of the pandemic to the community.

### **Independent Auditors' Report Required by Oregon State Regulations**

We have audited the basic financial statements of the Urban Renewal Agency of the City of Hood River as of and for the year ended June 30, 2021 and have issued our report thereon dated December 15, 2021. We conducted our audit in accordance with auditing standards generally accepted in the United States of America.

#### **Compliance**

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we performed tests of compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-10-000 through 162-10-320 of the Minimum Standards for Audits of Oregon Municipal Corporations, noncompliance with which could have a direct and material effect on the determination of financial statements amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

We performed procedures to the extent we considered necessary to address the required comments and disclosures which included, but were not limited to the following:

- **Deposit of public funds with financial institutions (ORS Chapter 295)**
- **Indebtedness limitations, restrictions and repayment.**
- **Budgets legally required (ORS Chapter 294).**
- **Insurance and fidelity bonds in force or required by law.**
- **Authorized investment of surplus funds (ORS Chapter 294).**
- **Public contracts and purchasing (ORS Chapters 279A, 279B, 279C).**

In connection with our testing nothing came to our attention that caused us to believe the Urban Renewal Agency of the City of Hood River was not in substantial compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-10-000 through 162-10-320 of the Minimum Standards for Audits of Oregon Municipal Corporations.

#### **OAR 162-10-0230 Internal Control**

In planning and performing our audit, we considered internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the internal control over financial reporting. Accordingly, we do not express an opinions on the effectiveness of the internal control over financial reporting.

This report is intended solely for the information and use of the Board of Directors, management, the Oregon Secretary of State and is not intended to be and should not be used by anyone other than these parties.
