ADA COMPLIANCE**

The Americans with Disabilities Act (ADA) was signed into law in 1990 and requires that access be available to people of all physical abilities. Parking, grounds, picnic areas, buildings, and restrooms will be ADA compliant.

**This list is to help – not to be an all inclusive list of ADA requirements
ACCESSIBILITY REQUIREMENTS FOR SPECIAL EVENTS**

**ADJUNTO A
CUMPLIMIENTO ADA**

La Ley de Estadounidenses con Discapacidades (ADA) se promulgó en 1990 y exige que el acceso esté disponible para personas con todas las capacidades físicas. El estacionamiento, los terrenos, las áreas de picnic, los edificios y los baños cumplirán con la ADA.

Esta lista es para ayudar, no para ser una lista completa de los requisitos de ADA REQUISITOS DE ACCESIBILIDAD PARA EVENTOS ESPECIALES

The Americans with Disability Act (ADA) is a federal civil rights law that prohibits discrimination against people with disabilities and opens doors for full participation in all aspects of everyday life. These guidelines are intended to help event organizers design events to accommodate people of all abilities. This handout is not intended to be an all-inclusive guide to ADA compliance. It is the responsibility of the event organizer to understand and comply with all federal regulations that pertain to the Americans with Disabilities Act.

La Ley de Estadounidenses con Discapacidades (ADA) es una ley federal de derechos civiles que prohíbe la discriminación contra las personas con discapacidades y abre puertas para la participación plena en todos los aspectos de la vida cotidiana. Estas pautas están destinadas a ayudar a los organizadores de eventos a diseñar eventos para acomodar a personas de todas las capacidades. Este folleto no pretende ser una guía completa para el cumplimiento de la ADA. Es responsabilidad del organizador del evento comprender y cumplir con todas las reglamentaciones federales relacionadas con la Ley de Estadounidenses con Discapacidades.

The Basics:

- Include in your logistics plan how and where you will provide accessible parking, ADA-compliant toilets and accessible pathways. Include other accommodations you are making, such as the provision of ramps, accessible seating, etc. to make your event accessible.
- All print materials promoting your event must include the Request for Accommodation notice with the international symbol for accessibility (ISA-blue and white symbol of a wheelchair icon) as well as a contact name and phone number for a patron to request accommodation from you.
- Plans should be in place to provide sign language interpreters, assistive listening devices, Braille or other alternative formats should it be needed.
- Staff, volunteers and others should be trained on how to involve, assist and accommodate people with disabilities.

Resumen de puntos importantes:

- Incluya en su plan de logística cómo y dónde proporcionará estacionamiento accesible, baños que cumplan con la ADA y vías accesibles. Incluya otras adaptaciones que esté haciendo, como la provisión de rampas, asientos accesibles, etc. para que su evento sea accesible.
- Todos los materiales impresos que promoció su evento deben incluir el aviso de Solicitud de alojamiento con el símbolo internacional de accesibilidad (símbolo ISA-azul y blanco del imagen de una silla de ruedas), así como un nombre de contacto y un número de teléfono para que un usuario solicite alojamiento a usted.
- Deben existir planes para proporcionar intérpretes de lenguaje de señas, dispositivos de asistencia auditiva, Braille u otros formatos alternativos si fuera necesario.
- El personal, los voluntarios y otros deben recibir capacitación sobre cómo involucrar, ayudar y acomodar a las personas con discapacidad.

Making the Venue Accessible

Particular attention should be given to the accessibility of the event location. Understanding how visitors arrive at and move through your event will go a long way in identifying and removing barriers. The ADA regulations recommend the following priorities for barrier removal:

- Provide access from public sidewalks, parking areas, and public transportation
- Provide access to the booths, displays/exhibits and activities at your event
- Provide access to public restrooms and portable toilets
- Avoid barriers to other public amenities, such as drinking fountains and benches

Hacer el lugar accesible

Se debe prestar especial atención a la accesibilidad de la ubicación del evento. Comprender cómo los visitantes llegan y se mueven a través de su evento contribuirá en gran medida a identificar y eliminar barreras. Las regulaciones de la ADA recomiendan las siguientes prioridades para la eliminación de barreras:

- Proporcionar acceso desde aceras públicas, áreas de estacionamiento y transporte público.
- Proporcione acceso a los puestos, exhibiciones y actividades en su evento
- Proporcionar acceso a baños públicos y baños portátiles.

- Evite las barreras a otros servicios públicos, como bebederos y bancos.

Accessible Routes

The path a person with a disability takes to enter and move through your event is called an accessible route. This route must be at least three feet wide and not be blocked.

- All pathways should remain clear of protrusions.
- Attention should be given to avoid trip hazards.
- Cabling, wiring, hoses, etc. crossing the accessible route must be covered by a complying resilient cable ramping system usable by persons using wheelchairs. If tape is used to anchor any cabling/wiring in the path of travel, colored tape is required.
- An alternate path of travel must be provided whenever the existing pedestrian access route in a public right-of way is blocked by temporary conditions. Where possible, the alternate path of travel should be parallel to the disrupted pedestrian access route and on the same side of the street.
 - If an alternate path of travel is provided, signage designating the alternate path of travel is required.
- Where the alternate path of travel is adjacent to potentially hazardous conditions, the path must be protected with a portable barricade.
 - If a raised area (stage, podium, dais, etc.) will be used by event attendees, accessible access to the raised area must be provided.
 - If crowd control measures are to be used, plans must be in place to ensure that the path of travel is not blocked and that people who are blind or have low vision do not encounter trip hazards

Rutas accesibles

El camino que toma una persona con discapacidad para ingresar y moverse a través de su evento es llamada ruta accesible. Esta ruta debe estar al menos tres pies de ancho y no estar bloqueada.

- Todas las vías deben permanecer libres de protuberancias.
- Se debe prestar atención para evitar riesgos de tropezos.
- Alambres, sistemas de cableado, las mangueras, etc., que cruzan la ruta accesible deben estar cubiertos por un sistema de rampas de cable flexible que las personas que usan sillas de ruedas puedan usar. Si se usa cinta para anclar cualquier cableado / alambres en la ruta de viaje, se requiere cinta de color.
- Se debe proporcionar una ruta de viaje alternativa siempre que la ruta de acceso peatonal existente en un derecho de paso público esté bloqueada por condiciones temporales. Siempre que sea posible, la ruta alternativa de viaje debe ser paralela a la ruta de acceso peatonal interrumpida y en el mismo lado de la calle.
 - Si se proporciona una ruta de viaje alternativa, se requiere una señalización que designe la ruta de viaje alternativa.
- Cuando la ruta alternativa de viaje es adyacente a condiciones potencialmente peligrosas, la ruta debe protegerse con una barricada portátil.
 - Si los asistentes al evento utilizarán un área elevada (plataforma, podio, estrado, etc.), se debe proporcionar acceso accesible al área elevada.
 - Si se van a utilizar medidas de control de multitudes, se deben establecer planes para garantizar que el camino de viaje no esté bloqueado y que las personas ciegas o con baja visión no se encuentren con riesgos de tropiezo.

Parking

- If parking is provided for an event, accessible parking is required.
- If no parking is provided for an event, an accessible passenger loading and unloading zone is required.
- Accessible parking and passenger loading and unloading zones are required to be identified using the international symbol for accessibility (ISA).
 - Signs with the international symbol for accessibility (ISA) are to be mounted where they are visible.

Estacionamiento

- Si se proporciona estacionamiento para un evento, se requiere estacionamiento accesible.
- Si no se proporciona estacionamiento para un evento, se requiere una zona de carga y descarga de pasajeros accesible.
- El estacionamiento accesible y las zonas de carga y descarga de pasajeros deben identificarse utilizando el símbolo internacional de accesibilidad (ISA).
 - Las señales con el símbolo internacional de accesibilidad (ISA) se debe montar donde sean visibles.

Portable Toilets

The total number of portable toilets to be provided for an event determines the required number of accessible portable toilets in any given area. This number is 5% of the total, but in no event can there be less than one for each location. If a

single unit is placed, it must be accessible. The placement of single units will increase the number of accessible portable toilets required for your event.

- If portable toilets are provided, accessible units shall be located on a level area.
- An accessible path of a minimum of 36" to each accessible portable toilet is required.
- Access to the door of a portable toilet must not be impeded by any barriers. Pay attention to ensure that portable toilet doors do not open outward and thus protrude, onto pathways.
- Accessible portable toilets must be identified with the international symbol of accessibility (ISA).

Baños Portátiles

El número total de baños portátiles que se proporcionarán para un evento determina el número requerido de baños portátiles accesibles en un área determinada. Este número es el 5% del total, pero en ningún caso puede haber menos de uno para cada ubicación. Si se coloca una sola unidad, debe ser accesible. La colocación de unidades individuales aumentará la cantidad de baños portátiles accesibles necesarios para su evento.

- Si se proporcionan baños portátiles, las unidades accesibles se ubicará en un área nivelada.

5.07.010 Title.

The provisions of this chapter are intended to authorize and regulate transient vending and special events on all property within the City of Hood River. To that purpose, there is added to the Hood River Municipal Code Chapter [5.07](#) entitled "Transient Merchants and Special Events," and those sections and subsections set forth below.

5.07.020 Purpose and scope.

- A. This ordinance provides reasonable and necessary regulations for the licensing of transient merchants and special events in order to:
1. Protect the public health and safety;
 2. Maintain the free flow of pedestrian and vehicular traffic on streets, sidewalks and areas open to the public;
 3. Prevent interference with the peaceful enjoyment of the areas near places where the transient vending activity or special event is occurring; and
 4. Preserve, protect and enhance the economic, scenic, historic and aesthetic values and objectives of the city.

- B. The regulations of this code are not intended to permit any violation of the provisions of any other law or regulation.
- C. These regulations shall apply to activities on city-owned and leased property.
- D. These regulations shall not apply to garage sales, yard sales, rummage sales or swap meets conducted on private property, provided that the sale is not conducted over a period in excess of 4 consecutive days or more often than 3 times per calendar year.
- E. These regulations shall not apply to sales conducted by municipal, government, religious, charitable, educational or other similar organizations, provided that the sale is conducted on premises owned or leased by the applicant for the regular conduct of its business or affairs.
- F. These regulations shall not apply to temporary or seasonal uses within permanent structures, except for those activities within permanent structures subject to regulation as a special event.
- G. Regulation of special events shall not apply to private parties or to events taking place within a permanent structure having a current on-premise license from the Oregon Liquor Control Commission.
- H. Exemption of a use from the provisions of this chapter shall not exempt the use from other applicable provisions of this Code.

5.07.030 Definitions.

The following definitions shall apply to this chapter:

“Dance” includes a dance which is open to the public, or for which admission is charged directly or indirectly.

“Person” includes the singular and plural and any individual, firm, corporation, association, club, co-partnership or society or any other organization.

“Special event” includes any activity which is likely to attract at any one time an assembly of persons, conducted for a specified period at one or more locations within the City under the auspices of and subject to the supervision and direction of a single person, including but not limited to festivals, fairs, shows, exhibitions, auctions, city or regional celebrations, athletic events, and public dances.

“Transient merchant” includes any person who offers food, beverages, produce, merchandise, a service, or other thing of value for sale within the city on a temporary or seasonal basis. The following classes of transient merchants are hereby established:

1. Class 1: A transient merchant requiring direct connection to City-operated utilities for the preparation or storage of that which is being offered for sale. “Utilities” includes water, storm sewer or sanitary sewer. A license to a Class 1 transient merchant is issued for a single period per calendar year, which may be renewed annually.

2. Class 2: A transient merchant not requiring direct connection to City-operated utilities for the preparation or storage of that which is being offered for sale. A license to a Class 2 transient merchant is issued for a period between 30 and 366 consecutive days, which may be renewed.

5.07.040 License – Required – Fee.

No person shall engage in business as a transient merchant or conduct a special event within the city without first obtaining a license as provided in this chapter. The license fees shall be set by resolution of the City Council. The fees shall be payable in full at the time of submission of an application and shall be non-refundable. No license shall be assignable or transferable or shall authorize the applicant to conduct any other type of business or special event.

5.07.050 License – Application – Standards and limitations.

An applicant for a license under this chapter must file an application in writing. The City Recorder shall provide the application form and establish written procedures and submittal requirements necessary to process the application in accordance with this Chapter. The application will be reviewed to determine compliance with the following standards and limitations.

A. Transient Merchant License.

1. The proposed use must meet the definition of “transient merchant” and be subject to classification as set out in HRMC [5.07.030](#). Any use not meeting the definition of “transient merchant” or subject to classification shall be deemed to be a use subject to review under HRMC Title [17](#).
2. Transient merchants shall not be permitted in the R-1, R-2 or R-3 zones. Written permission of the property owner for the proposed use shall be required. No encroachment upon city rights-of-way shall be permitted.
3. Each license shall be issued for a single fixed location, and no transient merchant shall change location except upon a permitted license renewal; provided, however, that Port-owned Waterfront properties shall be considered one location for purposes of this section, and movement within the Waterfront on Port-owned properties shall be subject to regulation by the Port of Hood River or its designee.
4. Unless approved as part of a commercial land use permit in compliance with HMRC Title [17](#), no transient merchant who is a food vendor shall be permitted to park accessory RVs or trailers, erect accessory structures or buildings, nor provide tables or seating for the use of patrons. A table for condiments will be permitted.

5. No more than four licenses to operate may be issued for a single site, lot, or parcel, unless first approved as a commercial use with a waste, sewer, restroom, and transportation plan and assessment, in compliance with applicable regulations of HRMC Title [17](#).

B. *Special Event License.*

1. The proposed use must meet the definition of “special event.” Any use not meeting the definition of “special event” shall be deemed to be a use subject to review under chapter 17.03.050.

2. Special events shall not be permitted in the R-1, R-2, or R-3 zones. Written permission of the property owner for the proposed use shall be required.

3. A special event license is issued to the sponsor of the special event.

4. The license shall be limited to the duration of the special event, not to exceed 15 days.

5. The application must be submitted 30 days prior to the first day of the special event. An application submitted after the deadline will be considered if accompanied by a late fee and submitted no later than 14 business days prior to the first day of the special event. If the 30th day falls on a day when the City administrative offices are closed, the application will be considered if it is received by the City on the next business day.

6. The Chief of Police shall have the authority and discretion to set general policy for security and safety for special events and to determine the specific security and safety requirements for an individual special event.

C. All licenses shall also comply with the following:

1. All licenses must comply with all applicable state and local laws, including but not limited to regulations and standards imposed or enforced by the Hood River County Sanitarian and the Hood River Municipal Code.

2. All waste shall be disposed of in compliance with all city, county and state standards, and may not be poured into storm sewers or onto the ground. Adequate trash receptacles must be provided in accordance with the terms of the license.

 - h. Within any service drive of a parking lot; or
 - i. In a location that conflicts with any fire or safety code regulations.
4. The City Recorder may impose conditions of approval on the license that are necessary to comply with the requirements of the license and this chapter. In determining whether to grant or deny a license, or in setting any conditions of approval, the City Recorder shall consider:
- a. The need to maintain the free flow of pedestrian and vehicular traffic on streets, sidewalks and areas open to the public;
 - b. Criminal history of the applicant or event sponsor;
 - c. Any documented history of problems with an applicant or event previously held;
 - d. Suitability of the premises for the type of activity applied for; and
 - e. Compliance with all applicable local and state laws, ordinances and regulations, and the standards set forth in this section.
5. The conditions applicable to a license may include the right of the city or the County Sanitarian to a post-licensing inspection of the licensee's business premises to insure compliance with appropriate structural, mechanical, fire, health and/or safety regulations or concerns. Inspection may also be conducted from time to time during the course of the license period, as deemed necessary by the city or the County Sanitarian. If the licensee fails, within the specified time, or if no time is specified, a reasonable time, to remedy any non-complying practice or defective condition identified as a result of any inspection, the licensee's license shall be revoked, without refund.
6. The Fire Marshal shall have the authority and discretion to set general policy for fire safety, including inspections, and to determine the specific fire safety requirements and require a fire safety inspection for any individual transient merchant or special event. Whenever in the opinion of the Fire Marshal it is necessary for public safety at a special event, the Fire Marshal may require the special event licensee to contract with the City for standby fire and emergency medical watch through the City's Fire Department. The licensee shall be responsible for paying the City's fee for such coverage and the licensee shall execute a contract for the services as a condition to receiving the special event license.
7. The Building Official shall have the authority and discretion to require structural inspections for any temporary structure.
8. All licensees for use of City-owned property, including rights-of-way, shall be required to furnish evidence of liability insurance providing primary coverage in an amount that is not less than the City's tort liability limits established by the Oregon Legislature naming the City as an additional insured. The liability insurance shall apply to, and provide coverage for, any and all claims for bodily injury and property damage arising from or

caused by the use for which the license is granted and shall be primary coverage. In lieu of meeting the insurance requirements of this section, any governmental entity may enter into an agreement with the City to indemnify and hold the City harmless in the event of any damage or injury resulting from the use.

9. All licenses shall include a condition of approval requiring the licensee to reimburse the City the costs incurred by the Police Department and Fire Department in responding to the special event or transient merchant's operation. Payment must be made to the City within 30 days of the date of the City's invoice. In any action to collect unpaid balances, the City is entitled to collect its cost and attorney fees. (Ord. 2073 §2, 2023)

- C. *Appeal.* Any person whose application for a license has been denied, whose license has been issued subject to conditions, who disagrees with the transient merchant class assigned to the application, or whose license has been subsequently revoked, may appeal the decision to the City Manager. The City Manager's decision may be appealed to the City Council. The appeals shall be filed within five (5) days of the date of the decision from which the appeal is being made and shall be filed with the City Recorder. No business shall be conducted during the pendency of the appeal. The fee for appeals shall be set by Council resolution. The Council shall schedule a hearing date that shall not be later than the second regular session following the filing of the written appeal with the City Recorder, and shall notify the applicant of the date and time that the applicant may appear either in person or by a representative.

5.07.070 Display of license.

The licensee shall display the license, together with any conditions, at all times on the business premises, in a location visible to customers.

5.07.080 Removal of structures.

Any structures, carts, vending units, tents, tables or other appurtenances used by the licensee may not be located or relocated on the property until commencement of the license term, and shall be removed from the property promptly upon expiration of the license term.

5.07.090 Penalty – Hold harmless and indemnification.

Any person who violates or causes a violation of any provision of this chapter shall be subject to punishment as prescribed in Chapter [1.12](#) of the Hood River Municipal code. Upon any violation the City Manager, or a designee of the City Manager, may order the licensed activity to cease, and upon receipt of written notice, the activity shall immediately cease. Any such persons and licensees shall indemnify and hold the city and its officers, agents and employees harmless from and against all claims for injury, loss or damage arising out of or in any way related to the operation of licensee's business. This agreement to indemnify or defend shall survive termination or revocation of licensee's license.
