_____ _____
Chief of Public Safety Date

**8.09.040 Permits for Potential Noise Control Violations.** Permits may be issued by the Council, or designee for acts prohibited by section 8.09.030 to allow construction, excavation or demolition, or the use of sound amplifying device(s) to broadcast music, news, speeches, or entertainment provided that the council or designee determines that the permitted sound will not unduly offend or disrupt the public peace or welfare. The permit shall clearly specify the permitted location(s), type of event. Failure to comply with the permit provisions shall constitute a violation of this ordinance. The permit shall be promptly revoked if the permittee fails to comply with all of its terms.
